On behalf of the Board of Directors, I would like to present the Annual Report for Massive Resources International Corporation Ltd (the "Group") for the year ended 30 June 2006.

PROFIT FOR THE YEAR

For the financial year ended 30 June 2006, the Group recorded a turnover of HK\$103,134,000 representing an increase of 33.92% from a year ago (2005: HK\$77,009,000). The Group's audited profit attributable to shareholders was HK\$7,147,000 (2005: loss of HK\$11,353,000). Earnings per share was HK0.06 cent (2005: loss of HK0.11 cent). The Board of Directors has resolved not to pay a dividend for the year.

BUSINESS REVIEW AND LOOKING AHEAD

While 2006 was a challenge year, we nonetheless remain vigilant. It was a year in which our pace of expansion accelerated and our asset value continued to grow. This solid growth was contributed by all of the Group's core businesses as they continued to improve upon operational efficiency and deliver a steady performance.

Hong Kong's popularity as cruise hub is evidenced by a mega project rolled out by the government to invite developers, to build and manage a new cruise terminal with 50-year franchise, are expected to complete by the year 2012. This will enhance Hong Kong to capture growth in cruise industry in the Asia-Pacific region, and to sustain its development as a regional cruise hub.

The Board of directors envisages that there are enormous business opportunities that Cruise industry fuelled into Hong Kong tourism together with steadfast support from the government in the coming few years. We hence decided to trickling more resources in this direction.

A great deal of effort and preparation was undertaken by both management and ship staff during renovation and refurbishment leading to the arrival of m.v. "Neptune" (the "Neptune") in Hong Kong. "Neptune" is a multi-million dollar investment by the Group in cruise ferry which sails from Hong Kong. She is a 10-deck cruise passenger ship furnished to the very high standard of luxury, rooms are designed for customers' comfort and style. It can accommodate 900 pax in maximum and is one of the most popular cruise ferries lying afloat in Victoria Harbour.

During the year under review, the profit contribution to the Group from Cruise revenue is more than 53% of Group's total profit and might continue rising by 9 to 10 percent next few years. Fusion with the reviving independent travelers under Individual Visit Scheme from Mainland China, this shall stimulate a revival in visitor numbers to Cruise industry and serve us well in the future.

On the hand, we learnt to adapt our new strategies, and to respond with cost-effective plans that successfully controlled our manufacturing cost of electrical equipment resulting in an increase of return on capital.

Our clear business strategy is evident from our determination to seize the growth opportunities benefit from China's robust economic growth and rapid development and our commitment to excellence, we are confident in our ability to meet all the challenges ahead and achieve further success.

ACKNOWLEDGEMENT

During the year, Mr. Chen Chak Man retired as Chairman and an Executive Director of the Company. During the course of his tenure, he has been an instrumental force in supporting the tremendous growth of the Group over the last few years. We would like to take this opportunity to express our gratitude for his dedication and contribution.

I am very grateful for the confidence that the board of directors have shown in me and given me the latitude to work for the continuous development of our Group and for the benefit of the Company as a whole.

Looking ahead to year 2007, the Group will make remarkable stride in securing prosperous investment opportunities for enhancing shareholders' value. We take this opportunity to extend our thanks to our customers, our bankers, our auditors, the staff members of the Group for their diligent, loyal service and contributions during the year. I look forward to have a better future in the years to come.

Lin Cheuk Fung

Chairman of the Board

Hong Kong, 24 October 2006

BUSINESS OVERVIEW

The audited net profit of the Group for the year ended 30 June 2006 amounted to HK\$9,603,000.

The Board is at all times identifying suitable projects and/or investments that would be reasonably expected to generate profits and/or have potential for capital appreciation. Should they be materialised, the consideration for such projects and/or investments would be satisfied by means of the issue of new ordinary shares of the Company and/or by being granted new and/or additional banking facilities.

MANUFACTURING AND TRADING ELECTRICAL EQUIPMENT AND PROVISION OF ELECTRICAL ENGINEERING AND CONTRACTING SERVICES

For the year ended 30 June 2006, the Group recorded a turnover of HK\$76,134,000 in respect of the manufacturing and the trading of electrical equipment and the provision of electrical engineering and contracting services. The Group is adopting progressive strategy to expand its market share. Turnover of such business operations decreased by approximately 1% as compared with those of last year and the gross profit increased by 16%.

TRADING OF LISTED INVESTMENTS IN SECURITIES

For the year ended 30 June 2006, the Group recorded a turnover of HK\$1,427,000 and realised a profit of HK\$582,000 in respect of trading of listed investments in securities.

CRUISE BUSINESS

During the year under review, cruise business has contributed a principal income to the Group. Turnover for the leasing of the cruise ship was recorded approximately HK\$27,000,000, which accounted for approximately 26% of the Group's total turnover. Segment result amounted to approximately HK\$12,000,000. The cruise business has been operating since October 2005. It recorded a steady turnover and profit contribution to the Group.

FINANCIAL REVIEW

For the financial year ended 30 June 2006, the Group recorded a turnover of approximately HK\$103,134,000 (2005: HK\$77,009,000), increase 33.9% compared to the previous year. Profit attributable to shareholders was HK\$7,147,000 (2005: loss of HK\$11,353,000).

DIVIDEND

The Directors do not recommend the payment of final dividend for the year ended 30 June 2006 (2005: Nil).

CAPITAL STRUCTURE

As at 30 June 2006, the total issued share capital of the Company was HK\$247,952,600 divided into 12,397,630,000 ordinary shares of HK\$0.02 each.

LIQUIDITY, FINANCIAL RESOURCES AND FUNDING

The Group had net current assets of HK\$30,087,000 as at 30 June 2006. Total bank and other borrowings amounted to HK\$2,092,000 as at 30 June 2006. The total equity of the Group as at year end was HK\$240,716,000. The gearing ratio, calculated on the basis of total liabilities over total shareholders' funds as at 30 June 2006, was approximately 47%.

PLEDGE OF GROUP'S ASSETS

As at 30 June 2006, the leasehold land and buildings of a Group's subsidiary with carrying amount of HK\$5,438,000 were pledged to a bank for banking facilities. A subsidiary's bank deposits of HK\$4,451,000 had been pledged to secure general banking facilities granted to the subsidiary.

CONTINGENT LIABILITIES

As at 30 June 2006, certain Hong Kong employees have achieved the required number of years of service to the Group and the possible future long service payment to such employees amounted to HK\$62,389 (2005: HK\$1,572,000).

On 1 September 2004, a writ of summons and statement of claim was made by The Center (49) Limited against the Company in respect of the office previously rented by the Group. The claim is for a sum of approximately HK\$3.3 million together with interest and cost. In the opinion of the directors, the amount claimed is unreasonable. The Group would vigorously contest against such claim. After obtaining legal advice, a provision of approximately HK\$1.6 million has been made in the financial statements for the year ended 30 June 2004. During the year ended 30 June 2006, there has been no significant progress. As at the date of approval of these financial statements, the case is still pending for hearing.

EXPOSURE TO FLUCTUATION IN EXCHANGE RATES AND RELATED HEDGES

As the Group's transactions are mostly settled by Hong Kong dollars, the exposure to foreign exchange fluctuation is minimal, therefore no use of financial instruments for hedging purpose is considered necessary.

As at 30 June 2006, the Group did not have any foreign currency investments which have been hedged by currency borrowings and other hedging instruments.

CAPITAL COMMITMENT

As at 30 June 2006, the Group did not have any capital commitment.

PROPERTY, PLANT AND EQUIPMENT AND INVESTMENT PROPERTIES

Details of movements in the property, plant and equipment and investment properties of the Group during the year are set out in Note 15 and Note 16 to the financial statements respectively.

EMPLOYEES

The Group employs approximately 70 staff in Hong Kong. Total staff costs for the year under review amounted to approximately HK\$11,355,000. The Group's remuneration packages are generally structured by reference to market terms and individual merit. Salaries are normally reviewed on an annual basis based on performance appraisals and other relevant factors.

The Company maintains a share option scheme under which share options may be granted to certain eligible directors and full-time employees.

SUBSEQUENT EVENT

Subsequent to the year end date, the convertible notes holders, Mr. Chan Yan To and Ms. Lam Wai Han have confirmed to extend the repayment of the principal amount of convertible notes together with interest to 21 October 2007 and all terms and conditions of the convertible notes will remain unchanged.

DISPOSAL OF SUBSIDIARY AND JOINT VENTURE

Details of the disposal of subsidiary and joint venture during the year are set out in Notes 40 and 23 to the financial statements respectively.

PURCHASE, SALE OR REDEMPTION OF LISTED SECURITIES

During the year, neither the Company nor any of its subsidiaries purchased, sold or redeemed any of the Company's listed securities.

EXECUTIVE DIRECTORS

Mr. Lin Cheuk Fung, aged 33, was appointed as an executive director on 21 June 2005 and re-designated as the chairman of the Board of the Company on 8 June 2006. Currently, he is also the director of Yan Oi Tong, Hong Kong Commerce & Industry Association Ltd. and the vice president of The Association of Industries and Commerce of N.E. New Territories. The Board is of the view that Mr. Lin's extensive business experience is valuable to the Group and will, in the long run, assist the Group to diversify into other areas of business.

Mr. Lau Kwok Hung, aged 60, was appointed as an executive director of the Company on 11 October 2001. He is the brother of Mr. Lau Kwok Keung, an executive director of the Company. Mr. Lau holds a Senior Executive Master Degree in Business Administration from Charles Darwin University. He is a fellow of the Hong Kong Institute of Certified Public Accountants. He has over 25 years of experience in accounting and finance, auditing, taxation, company secretarial practice and corporate finance. He is also the company secretary of the Company.

Mr. Chan Shiu Kwong, Stephen, aged 50, was appointed as an executive director of the Company on 20 April 2005. Mr. Chan holds a Master degree in Professional Accounting and a Bachelor of Commerce. He is currently a member of Hong Kong Institute of Certified Public Accountants, the Institute of Chartered Secretaries and Administrators, the Hong Kong Institute of Company Secretaries and CPA (Australia). Mr. Chan has over 20 years of experience in property development, manufacturing and travel related industries. He has previously served a number of multinational companies as chief financial personnel and many local public listed companies as a project financial manager and these attribute to his profound experience in merger and acquisition in PRC infrastructure.

Mr. Lau Kwok Keung, aged 58, was appointed as an executive director of the Company on 13 May 2003. He is the brother of Mr. Lau Kwok Hung, an executive director of the Company. Mr. Lau graduated from the Faculty of Social Sciences, University of Hong Kong majoring in economics, accounting and business management. He also holds a Master Degree in Law from Renmin University of China. He has over 25 years of experience in manufacturing, trading, property development and securities investments.

INDEPENDENT NON-EXECUTIVE DIRECTORS

Mr. Chow Pui Fung, aged 66, was appointed as an independent non-executive director and a member of the audit committee of the Company on 13 May 2003. Mr. Chow is a merchant and has been in the business of securities investments, shipping and import & export for years.

Mr. Yue Fu Wing, aged 38, was appointed as an independent non-executive director and a member of the audit committee of the Company on 15 January 2005. Mr. Yue is a fellow of the Association of Chartered Certified Accountants and an associate member of the Hong Kong Institute of Certified Public Accountants. He has a Master Degree in PRC Accounting from Jinan University in China and a Bachelor Degree in Accountancy from the City University of Hong Kong. Mr. Yue has over 10 years experience in accounting and finance. He has worked for a multi-national company, a Hong Kong listed company and an international accounting firm.

Mr. Wong Yuk Man, aged 55, was appointed as an independent non-executive director and a member of the audit committee of the Company on 1 March 2006. Mr. Wong graduated from Chu Hai College with a Master Degree in Arts and was a Professor of the Department of Journalism and Communication at Chu Hai College between 1988 and 1992. Formerly, he was the editorial chief of the Express Daily and the publisher of Sing Pao, and has worked as a current affair programme host for Asia Television Limited, Television Broadcast Limited, Hong Kong Cable TV Limited and Commercial Radio Hong Kong, and has more than 30 years of experience in the mass media industry. He was also the chairman of hkcyber.com (Holdings) Limited, a Hong Kong listed company.

SENIOR MANAGEMENT

Various businesses and functions of the Company are respectively under the direct responsibilities of the executive directors who are regarded as senior management of the Company.

CORPORATE GOVERNANCE PRACTICES

All those provisions as set out in the Code of Corporate Governance Practices in Appendix 14 to the Listing Rules (the "CGP Code") which provides guidelines to reinforce our corporate governance principles, had been adopted by the Board. The company had complied throughout the year with all code provisions of CGP Code, with the exception of certain deviations to be discussed below.

- Non-executive Directors should be appointed for specific terms and subject to re-elections. All Independent Non-executive Directors of the Company are not appointed for specific terms, but subject to retirement by rotations and re-elections at the annual general meeting of the Company in accordance with Bye-Laws of the Company.
- The roles of Chairman and Chief Executive Officer of the Company are not separated. The Board believes that it is more effective for the titles "Chairman" and "Chief Executive Officer" be vested in one person based on the Company's on-going business practice and experience. The Board is of the view that it is in the interest of the Company to have the benefit of a chairman who is knowledgeable about the business of the Group.
- The Board is of the opinion that establishment of a remuneration committee as required by code provision B.1.1 is not, for the time being, justified after careful consideration of the size of the Group and the associated costs involved. The basis of determining the emoluments payable to its directors and senior management by the Company is by reference to individual duties and market practices.

MODEL CODE FOR SECURITIES TRANSACTIONS

The Company has adopted the Model Code for Securities Transactions as set out in Appendix 10 to the Listing Rules (the "Model Code") as the code of conduct regarding securities transactions by the directors. Following specific enquiry, all directors confirmed that they have complied with the required standard set out in the Model Code throughout the year under review.

THE BOARD OF DIRECTORS

During the year ended 30 June 2006, the Board comprised four executive directors, and three independent non-executive directors. The biographical details of the directors are set out on pages 8 and 9 of this Annual Report. The Company has received from each of the independent non-executive directors an annual confirmation of independence pursuant to Rule 3.13 of the Listing Rules and considers all the independent non-executive directors to be independent.

Seven board meetings were held during the financial year ended 30 June 2006. Details of Directors' attendance records are set out below:

	Attendance of Board meetings
Executive directors	
Mr. Lin Cheuk Fung	7/7
Mr. Lau Kwok Hung	7/7
Mr. Chan Shiu Kwong Stephen	7/7
Mr. Lau Kwok Keung	7/7
Mr. Chen Chak Man (Resigned on 8 June 2006)	6/7
Ms. Chik Siu Yin Urica (Resigned on 21 January 2006)	3/7
Independent non-executive directors	
Mr. Chow Pui Fung	7/7
Mr. Yue Fu Wing	6/7
Mr. Wong Yuk Man (Appointed on 1 March 2006)	1/7
Mr. Hung Shui Nam (Resigned on 1 March 2006)	4/7

The Board is responsible for the leadership and control of the Group. It formulates objectives, overall strategies and business plans and oversees the financial and management performance of the Group. For efficient operation, day-to-day functions and authorities are delegated to the management. It includes implementation of objectives, strategies and plans adopted by the Board and the day-to-day management of the Group's business.

CHAIRMAN & CHIEF EXECUTIVE OFFICER

The roles of Chairman and Chief Executive Officer of the Company are not separated. The Board believes that it is more effective for the titles "Chairman" and "Chief Executive Officer" be vested in one person based on the Company's on-going business practice and experience.

The Board will evaluate from time to time this situation to ensure that the arrangement will continue to be in interests of the Company and its shareholders as a whole.

It is also in line with the conclusion reached by certain independent academic researchers that separation between the roles "Chairman" and "Chief Executive Officer" as a philosophical rule does not improve corporate performance.

NOMINATION OF DIRECTORS

The Board is responsible for the formulation of nomination policies, making recommendations to shareholders on directors standing for re-election, providing sufficient biographical details of directors to enable shareholders to make an informed decision on the re-election, and where necessary, nominating appropriate persons to fill causal vacancies or as additions to the Board. The Chairman from time to time reviews the composition of the Board with particular regard to ensuring that there is an appropriate number of directors on the Board independent of management. He also identifies and nominates qualified individuals for appointment as new directors of the Company.

New directors of the Company will be appointed by the Board. The Board will take into consideration criteria such as expertise, experience, integrity and commitment when considering new director appointments.

On 1 March 2006, Mr. Wong Yuk Man was appointed as an Independent Non-executive Director and a Member of the Audit Committee to replace Mr. Hung Shui Nam who resigned as an Independent Non-executive Director and Member of the Audit Committee due to personal reasons.

AUDITORS' REMUNERATION

The fees in relation to the audit and other services provided to the Company and its subsidiaries by external auditors of the Group, amounted approximately to HK\$723,000 and HK\$123,000 respectively. The non-audit services mainly consist of review and taxation services.

AUDIT COMMITTEE

The Audit Committee comprises three Independent Non-executive Directors, namely Mr. Chow Pui Fung, Mr. Yue Fu Wing and Mr. Wong Yuk Man. Mr. Yue Fu Wing possesses relevant professional qualifications and financial management expertise and meets the requirements of rule 3.21 of the Listing Rules.

Three Audit Committee meetings were held during the financial year ended 30 June 2006. Attendance of the Members is set out below:

Members	Attendance of Audit Committee meetings
Mr. Chow Pui Fung	3/3
Mr. Yue Fu Wing	3/3
Mr. Wong Yuk Man (Appointed on 1 March 2006)	2/3
Mr. Hung Shui Nam (Resigned on 1 March 2006)	1/3

On 1 July 2005, the terms of reference were revised to align with the provisions under the CGP provision.

Under its terms of reference, the Audit Committee has reviewed the financial process and the effectiveness of the Group's internal controls system.

The following is a summary of the work performed by the audit committee during the year:

- reviewed the Group's unaudited interim report for the six months ended 31 December 2005 and audited financial statements for the year ended 30 June 2006;
- reviewed internal control and risk management framework; and
- considered to the Board for adoption of new accounting standards.

DIRECTORS' RESPONSIBILITIES FOR THE FINANCIAL STATEMENTS

The Directors acknowledge their responsibility for preparing the accounts which were prepared in accordance with statutory requirements and applicable accounting standards. A statement by the auditors about their reporting responsibilities is set out on page 21 of this annual report.

There are no material uncertainties relating to events or conditions that may cast significant doubt upon the Company's ability to continue as a going concern.

INVESTOR RELATIONS & COMMUNICATION

To promote the relationship between the Company and investor and to enhance the transparency of the operation of the enterprise, the Board is committed to providing clear and updated information on the Company to shareholders through the publication of notices, circulars, interim and annual reports to shareholders.

INTERNAL CONTROL

The Board, recognising its overall responsibility in ensuring the system of internal controls of the Company and for reviewing its effectiveness, is committed to implementing an effective and sound internal controls system to safeguard the interests of shareholders and the assets of the Group.

The Board has developed a framework to identifying the significant risks and how to cope with changes in business and external environment.

The Board has entrusted the audit committee with the responsibility to conduct an annual review of the effectiveness of the system of internal control of the Group.

The committee has reviewed the implementation of the system of internal controls and reviewing of all material controls including financial, operational, compliance controls and risk management functions.

The Board takes extreme precautionary measures in the handling of price-sensitive information. Such information is restricted to a need-to-know basis.

Management is currently of the view that there is no immediate need to set up an internal audit function within the Group in light of the size, nature, and complexity of the Group's business. The situation will be reviewed from time to time.

The directors have pleasure in submitting their report together with the audited financial statements of Massive Resources International Corporation Limited (hereinafter referred to as the "Company") and its subsidiaries (hereinafter collectively referred to as the "Group") for the year ended 30 June 2006.

PRINCIPAL ACTIVITIES

The principal activity of the Company is investment holding. The principal activities and other particulars of the subsidiaries are set out in Note 20 to financial statements.

SEGMENT INFORMATION

DIRECTORS' AND CHIEF EXECUTIVES' INTERESTS AND SHORT POSITIONS IN THE SHARES, UNDERLYING SHARES AND DEBENTURES

(i) Shares

As at 30 June 2006, the interests of the directors and their associates in the shares, underlying shares and debentures of the Company and its associated corporations, as recorded in the register maintained by the Company pursuant to Section 352 of the Securities and Futures Ordinance (the "SFO"), or as otherwise notified to the Company and The Stock Exchange of Hong Kong Limited (the "Stock Exchange") pursuant to the Model Code for Securities Transactions by Directors of Listed Companies were as follows:

Long positions in ordinary shares of the Company

Director	Nature of interest	Number of ordinary shares held	Percentage of shares held
Mr. Lin Cheuk Fung	Personal	1,500,000,000	12.10%

Note:

Save as disclosed above and other than certain nominee shares in the subsidiaries held by directors in trust for the Company, none of the Company's directors or their associates had any interests, or short positions in any shares, underlying shares or debentures of the Company or any of its associated corporations as defined in the SFO.

(ii) Options

The Company operates a share option scheme (the "Scheme") under which the directors may, at their discretion, grant options to employees, including any of the directors of the Company, to subscribe for shares in the Company, subject to the stipulated terms and conditions.

As at 30 June 2006, none of the directors of the Company had any interests in options to subscribe for shares granted under the Scheme.

Save as disclosed above, none of the Company's directors and chief executives, or their spouses or children under the age of 18, had any rights to subscribe for the securities of the Company, or had exercised any such rights during the year.

ARRANGEMENT TO PURCHASE SHARES OR DEBENTURES

The share option scheme adopted by the Company on 30 November 2000 enables the directors and employees of the Group to subscribe for shares in the Company, details of which are set out in Note 30 to financial statements. The share option scheme was adopted prior to the new rules on share option schemes under the Rules Governing the Listing of Securities (the "Listing Rules") on the Stock Exchange coming into operation. The Company may only grant further options under the share option scheme if the options are granted in accordance with the requirement of the new rules of Chapter 17 of the Listing Rules.

TO THE SHAREHOLDERS OF
MASSIVE RESOURCES INTERNATIONAL CORPORATION LIMITED
(incorporated in Hong Kong with limited liability)

We have audited the financial statements on pages 22 to 83 which have been prepared in accordance with accounting principles generally accepted in Hong Kong.

RESPECTIVE RESPONSIBILITIES OF DIRECTORS AND AUDITORS

The Hong Kong Companies Ordinance requires the directors to prepare financial statements which give a true and fair view. In preparing financial statements which give a true and fair view it is fundamental that appropriate accounting policies are selected and applied consistently.

It is our responsibility to form an independent opinion, based on our audit, on those financial statements and to report our opinion solely to you, as a body, in accordance with Section 141 of the Hong Kong Companies Ordinance, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

BASIS OF OPINION

We conducted our audit in accordance with Hong Kong Standards on Auditing issued by the Hong Kong Institute of Certified Public Accountants. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgments made by the directors in the preparation of the financial statements, and of whether the accounting policies are appropriate to the circumstances of the Company and the Group, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance as to whether the financial statements are free from material misstatement. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the financial statements. We believe that our audit provides a reasonable basis for our opinion.

OPINION

In our opinion the financial statements give a true and fair view of the state of affairs of the Company and the Group as at 30 June 2006 and of the profit and cash flows of the Group for the year then ended and have been properly prepared in accordance with the Hong Kong Companies Ordinance.

1. CORPORATE INFORMATION

The Company was incorporated in Hong Kong as a public limited company and its shares are listed on The Stock Exchange of Hong Kong Limited. The registered office of the Company is located at Units 1205-06, 12th Floor, Office Tower Two, The Harbourfront, 18-22 Tak Fung Street, Hung Hom, Kowloon, Hong Kong.

The principal activities of the Company and its subsidiaries are leasing of the 70% owned cruise, the manufacturing and trading of electrical equipment, the provision of electrical engineering and contracting services, the trading of listed securities and property investments.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements have been prepared in accordance with Hong Kong Financial Reporting Standards ("HKFRSs") (which also include Hong Kong Accounting Standards ("HKASs") and Interpretations) issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA"), accounting principles generally accepted in Hong Kong and the disclosure requirements of the Hong Kong Companies Ordinance and applicable disclosure provisions of The Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the "Listing Rules"). These financial statements are presented in Hong Kong dollars and all values are rounded to the nearest thousand (HK\$'000) except otherwise indicated.

The HKICPA has issued a number of new and revised HKFRSs which are effective for accounting periods beginning on or after 1 January 2005. A summary of the effect on initial adoption of these new and revised HKFRSs is disclosed in Note 3 to the financial statements.

The preparation of financial statements in conformity with HKFRSs requires management to make judgments, estimates and assumptions that affect the application of policies and reported amounts of assets, liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making judgments about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates. The estimates and assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

Judgments made by management in the application of HKFRSs that have significant effect on the financial statements and estimates with a significant risk of material adjustments in the next year are discussed in Note 5 to the financial statements.

Notes to Financial Statements

For the year ended 30 June 2006

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

A summary of the significant accounting policies followed by the Group in the preparation of the financial statements is set out below:

(a) Basis of preparation

The measurement basis used in the preparation of the financial statements is historical cost as modified for the revaluation of financial instruments and investment properties which are carried at fair value.

(b) Basis of consolidation

The consolidated financial statements include the financial statements of the Company and its subsidiaries made up to 30 June 2006.

Where a subsidiary operates under severe restrictions which significantly impair control by the Group over its assets and operations for the foreseeable future, the Group's interest in the subsidiary is stated in the consolidated financial statements at the amount at which it would have been included under the equity method of accounting at the date on which the restrictions came into force, less provision for any subsequent impairment in value.

The results of the subsidiaries and associates acquired or disposed of during the year are included in the consolidated income statement from the effective dates of acquisition and up to the effective dates of disposal, as appropriate.

Intra-group transactions and balances and unrealised gains on transactions between group companies are eliminated on consolidation. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the Group.

Minority interests representing the interests of outside shareholders in the net assets and operating results of subsidiaries.

(c) Goodwill

Goodwill arising on consolidation represents the excess of the cost of acquisition over the Group interest in the fair value of the identifiable assets and liabilities of a subsidiary or associate at the date of acquisition.

Following on the adoption of HKFRS 3 "Business Combination", the Group ceased amortisation of goodwill from 1 July 2005. All accumulated amortisation of goodwill would be eliminated with a corresponding decrease in the cost of goodwill. From the year ended 30 June 2006 onwards, goodwill is tested annually for impairment.

For the purpose of impairment testing, goodwill arising from acquisition of a subsidiary is allocated to each of the Group's cash generating unit ("CGU") expected to benefit from the synergies of the combination. CGU to which goodwill has been allocated are tested for impairment annually, or more frequently when there is an indication that the unit may be impaired. If the recoverable amount of the CGU is less than the carrying amount of the unit, the impairment loss is allocated first to reduce the carrying.

Goodwill arising from acquisition of an associate is included within the carrying amount of the investment and is assessed for impairment as part of the investment.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

(d) Subsidiaries

Subsidiaries are those entities in which the Company, directly or indirectly, controls the composition of the board of directors, controls more than half the voting power or holds more than half of the issued share capital.

The purchase method of accounting is used to account for the acquisition of subsidiaries by the Group. The cost of an acquisition is measured as the fair value of the assets given, equity instruments issued and liabilities incurred or assumed at the date of exchange, plus costs directly attributable to the acquisition. Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured initially at their fair values at the acquisition date, irrespective of the extent of any minority interest. The excess of the cost of acquisition over the fair value of the Group's share of the identifiable net assets acquired is recorded as goodwill. If the cost of acquisition is less than the fair value of the net assets of the subsidiary acquired, the difference is recognised directly in the income statement

In the financial statements of the Company, investments in subsidiaries are stated at cost less provision for impairment losses. The results of subsidiaries are accounted for by the Company on the basis of dividends received or receivable.

(e) Associates

Associates are all entities over which the Group has significant influence but not control, generally accompanying a shareholding of between 20% and 50% of the voting rights. Investments in associates are accounted for by the equity method of accounting and are initially recognised at cost. The Group's investment in associates includes goodwill (net of any accumulated impairment loss) identified on acquisition.

The Group's share of its associates' post-acquisition profits or losses is recognised in the income statement, and its share of post-acquisition movements in reserves is recognised in reserves. The cumulative post-acquisition movements are adjusted against the carrying amount of the investment. When the Group's share of losses in an associate equals or exceeds its interest in the associate, including any other unsecured receivables, the Group does not recognise further losses, unless it has incurred obligations or made payments on behalf of the associate.

An associate is an enterprise in which the Group has significant influence, but not control or joint control, and thereby has the ability to participate in their financial and operating policy decisions.

Unrealised gains on transactions between the Group and its associates are eliminated to the extent of the Group's interest in the associates. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred. Accounting policies of associates have been changed where necessary to ensure consistency with the policies adopted by the Group.

In the Company's balance sheet the investments in associated companies are stated at cost less provision for impairment losses. The results of associated companies are accounted for by the Company on the basis of dividend received and receivable.

Notes to Financial Statements

For the year ended 30 June 2006

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

(f) Joint ventures

A joint venture is a contractual arrangement whereby the Group and other parties undertake an economic activity which is subject to joint control and none of the participating parties has unilateral control over the economic activity.

The Group's interests in jointly controlled entity are accounted for by proportionate consolidation. The Group combines its share of the joint venture's individual income and expenses, assets and liabilities and cash flows on a line-by-line basis with similar items in the Group's financial statements. The Group recognises the portion of gains or losses on the sale of assets by the Group to the joint venture that it is attributable to the other venturers. The Group does not recognise its share of profits or losses from the joint venture that result from the Group's purchase of assets from the joint venture until it resells the assets to an independent party. However, a loss on the transaction is recognised immediately if the loss provides evidence of a reduction in the net realisable value of current assets, or an impairment loss.

In the Company's balance sheet, the investments in jointly controlled entities are stated at cost less provision for impairment losses. The results of jointly controlled entities are accounted for by the Company on the basis of dividends received and receivable.

(g) Recognition of revenue

Revenue is recognised when it is probable that the economic benefits will flow to the Group and when the revenue can be measured reliably, on the following bases:

- i. Sale of products is recognised when goods are delivered and title has been passed.
- ii. When the outcome of a construction contract can be estimated reliably, revenue from fixed price construction contracts is recognised on the percentage of completion method, measured by reference to the percentage of revenue certified to date to estimated total contract value. When the outcome of a construction contract cannot be estimated reliably, revenue is recognised only to the extent of contract costs incurred that it is probable that the costs incurred will be recovered.
- iii. Dividend income from investments is recognised when the Company's rights to receive payment has been established.
- iv. Sale of securities is recognised when securities are traded on the trade day basis.
- v. Interest income from bank deposit is recognised on a time apportioned basis on the principal outstanding and at the rates applicable.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

(g) Recognition of revenue (Continued)

- vi. Services income is recognised when the services are rendered.
- vii. Cruise leasing income is recognised on an accrual basis in accordance with terms of the leasing agreement.

(h) Property, plant and equipment

Building held for own use which are situated on leasehold land, where the fair value of the building could be measured separately from the fair value of the leasehold land at the inception. Buildings and cruise ship are shown at fair value, based on periodic, but at least triennial, valuations by external independent valuers, less subsequent depreciation. Any accumulated depreciation at the date of revaluation is eliminated against the gross carrying amount of the asset and the net amount is restated to the revalued amount of the asset. All other property, plant and equipment are stated at historical cost less depreciation and impairment losses.

Depreciation is calculated on the straight line basis to write-off the cost of each items of property, plant and equipment less their estimated realisable value, if any, over their estimated useful lives at the following annual rates:

Buildings	:	Over the term of the leases
Leasehold improvement	:	20%
Furniture, fixtures and equipment	:	15% to 20%
Plant and machinery	:	15%
Motor vehicles	:	25%
Cruise ship	:	5%

The gain or loss on disposal or retirement of an item of property, plant and equipment is the difference between the net sales proceeds and the carrying amount of the relevant asset, and is recognised in the consolidated income statement.

(i) Investment properties

Property that is held for long-term rental yields or for capital appreciation or both, and that is not occupied by the companies in the consolidated Group, is classified as investment property.

Investment property is measured initially at its cost, including related transaction costs.

Notes to Financial Statements

For the year ended 30 June 2006

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

(i) Investment properties (Continued)

After initial recognition, investment property is carried at fair value. Fair value is based on active market prices, adjusted, if necessary, for any difference in the nature, location or condition of the specific asset. If this information is not available, the Group uses alternative valuation methods such as recent prices on less active markets or discounted cash flow projections. These valuations are performed in accordance with the guidance issued by the International Valuation Standards Committee. These valuations are reviewed annually by external valuers.

The fair value of investment property reflects, among other things, rental income from current leases and assumptions about rental income from future leases in the light of current market conditions.

The fair value also reflects, on a similar basis, any cash outflows that could be expected in respect of the property. Some of those outflows are recognised as a liability, including finance lease liabilities in respect of land classified as investment property; others, including contingent rent payments, are not recognised in the financial statements.

Subsequent expenditure is charged to the asset's carrying amount only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. All other repairs and maintenance costs are expensed in the income statement during the financial period in which they are incurred.

Changes in fair values are recognised in the income statement.

(j) Leases

(a) Operating lease

Leases in which a significant portion of the risks and rewards of ownership are retained by the lessor are classified as operating leases. Payments made under operating leases (net of any incentives received from the lessor) are expensed in the income statement on a straight-line basis over the period of the lease.

(b) Finance lease

Leases of assets where the Group has substantially all the risks and rewards of ownership are classified as finance leases. Finance leases are capitalised at the lease's commencement at the lower of the fair value of the leased property and the present value of the minimum lease payments. Each lease payment is allocated between the liability and finance charges so as to achieve a constant rate on the finance balance outstanding. The corresponding rental obligations, net of finance charges, are included in current and non-current borrowings. The interest element of the finance cost is recognised in the income statement over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period. The investment properties acquired under finance leases are carried at their fair value.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

(k) Intangible assets

Development costs

Expenditure on research and development is charged to the consolidated income statement in the year in which it is incurred except where a major project is undertaken and it is reasonably anticipated that development costs will be recovered through future commercial activity. Such development costs are deferred and written off over the life of the project from the date of commencement of commercial operation.

(l) Financial instruments

Financial assets

For the year ended 30 June 2005:

The Group classified its equity investments, other than investment in subsidiaries, as investment in securities.

Investment in securities are measured at fair value. At each balance sheet date, the net unrealised gains or losses arising from the changes in the fair value of investment securities are recognised in the income statement. Profit or losses on disposal of investment securities, representing the difference between the net sales proceeds and the carrying amounts, are recognised in the income statement as they arise.

From 1 July 2005 onwards:

Financial assets in the scope of HKAS 39 are classified into financial assets at fair value through profit or loss, loans and receivables, held-to-maturity investments and available-for-sale financial assets, as appropriate. The classifications depend on the purpose for which the investments were acquired. Management determines the classification of its investments at initial recognition and re-evaluates this designation at every reporting date.

Financial assets at fair value through profit or loss

Financial assets classified as held for trading are included in the category "financial assets at fair value through profit or loss". Financial assets are classified as held for trading if they are acquired for the purpose of sale in the near term. Gains or losses on financial assets at fair value through profit or loss are recognised in the income statement.

Loans and receivables

Loans and receivables are non-derivatives financial assets with fixed or determinable payments that are not quoted in an active market. Such assets are carried at amortised cost using the effective interest rate method. Gains and losses are recognised in the income statement when loans and receivables are derecognised or impaired, as well as through the amortization process.

Notes to Financial Statements

For the year ended 30 June 2006

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

(I) Financial instruments (Continued)

Held to maturity investments

Held-to-maturity investments are non-derivative financial assets with fixed or determinable payments and fixed maturities that the Group's management has the positive intention and ability to hold to maturity. During the year, the Group did not hold any investments in this category.

Available-for-sale financial assets

Available-for-sale financial assets are not derivative that are either designated in this category or not classified in any of the other categories. They are included in non-current assets unless management intends to dispose of the investment within 12 months of the balance sheet date.

Purchases and sales of investments are recognised on trade-date – the date on which the Group commits to purchase or sell the asset. Investments are initially recognised at fair value plus transaction costs for all financial assets not carried at fair value through profit or loss. Investments are derecognised when the rights to receive cash flows from the investments have expired or have been transferred and the Group has transferred substantially all risks and rewards of ownership. Available-for-sale financial assets and financial assets at fair value through profit or loss are subsequently carried at fair value. Loans and receivables and held-to-maturity investments are carried at amortised cost using the effective interest method. Realised and unrealised gains and losses arising from changes in the fair value of the 'financial assets at fair value through profit or loss' category are included in the income statement in the period in which they arise. Unrealised gains and losses arising from changes in the fair value of non-monetary securities classified as available-for-sale are recognised in equity. When securities classified as available-for-sale are sold or impaired, the accumulated fair value adjustments are included in the income statement as gains or losses from investment securities.

The fair values of quoted investments are based on current bid prices. If the market for a financial asset is not active (and for unlisted securities), the Group establishes fair value by using valuation techniques. These include the use of recent arm's length transactions, reference to other instruments that are substantially the same, discounted cash flow analysis, and option pricing models refined to reflect the issuer's specific circumstances.

The Group assesses at each balance sheet date whether there is objective evidence that a financial asset or a group of financial assets is impaired. In the case of equity securities classified as available for sale, a significant or prolonged decline in the fair value of the security below its cost is considered in determining whether the securities are impaired. If any such evidence exists for available-for-sale financial assets, the cumulative loss – measured as the difference between the acquisition cost and the current fair value, less any impairment loss on that financial asset previously recognised in the income statement – is removed from equity and recognised in the income statement. Impairment losses recognised in the income statement on equity instruments are not reversed through the income statement.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

(I) Financial instruments (Continued)

Financial liabilities and equity

Financial liabilities and equity instruments issued by a group entity are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

An equity instrument is any contract that evidences a residual interest in the assets of the Group after deducting all of its liabilities. The Group's financial liabilities are generally classified into financial liabilities at fair value through profit or loss and other financial liabilities. The accounting policies adopted in respect of financial liabilities and equity instruments are set out below.

Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss, include financial liabilities held for trading. At each balance sheet date subsequent to initial recognition, financial liabilities at fair value through profit or loss are measured at fair value, with changes in fair value recognised directly in profit or loss in the period in which they arise.

Other financial liabilities

Other financial liabilities including trade and other payables, amount due to minority shareholder, borrowings are subsequently measured at amortised cost, using the effective interest rate method. The fair value of the liability portion of a convertible note is determined using a market interest rate for an equivalent non-convertible bond. This amount is recorded as a liability on an amortised cost basis until extinguished on conversion or maturity of the notes. The remainder of the proceeds allocated to the conversion option. This is recognised and included in shareholders' equity, net of income tax effects.

Equity instruments

Equity instruments issued by the Company are recorded at the proceeds received, net of direct issue costs.

(m) Interest-bearing bank borrowings

Interest-bearing borrowings are recognised initially at fair value less attributable transaction costs. Subsequent to initial recognition, interest-bearing borrowings are stated at amortised cost with any difference between cost and redemption value being recognised in the income statement over the period of borrowing using the effective interest method.

Notes to Financial Statements

For the year ended 30 June 2006

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

(n) Inventories

Inventories are stated at the lower of cost and the net realisable value. Cost, which comprises all costs of purchase and, where applicable, costs of conversion and other costs that have been incurred in bringing the inventories to their present location and condition, is calculated using the first-in, first-out method. Net realisable value represents the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

(o) Construction contracts

When the outcome of a construction contract can be estimated reliably, contract costs are charged to the consolidated income statement by reference to the stage of the completion of the contract activity at the balance sheet date on the same basis as the contract revenue is recognised.

When the outcome of a construction contract cannot be estimated reliably, contract costs are recognised as an expense in the year in which they are incurred.

When it is probable that total contract costs will exceed total contract revenue, the expected loss is recognised as an expense immediately.

Where contract costs incurred to date plus recognised profits less recognised losses exceed progress billings, the surplus is shown as an amount due from customers for contract work. For contracts where progress billings exceed contract costs incurred to date plus recognised profits less recognised losses, the surplus is shown as an amount due to customers for contract work. Amounts received before the related work is performed are included in the balance sheet, as a liability, as advance received. Amounts billed for work performed, but not yet paid by the customer, are included in the balance sheet within trade and other receivables.

(p) Impairment of assets

Assets that have an indefinite useful life are not subject to amortisation, which are at least tested annually for impairment and are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. Assets that are subject to amortisation are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs to sell and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows (cash-generating units).

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

(q) Foreign currency translation

(i) Functional and presentation currency

Items included in the financial statements of each of the Group's entities are measured using the currency of the primary economic environment in which the entity operates (the "functional currency"). The consolidated financial statements are presented in HK dollars, which is the Company's functional and presentation currency.

(ii) Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the income statement, except when deferred in equity as qualifying cash flow hedges or qualifying net investment hedges.

Translation differences on non-monetary items, such as equity instruments held at fair value through profit or loss, are reported as part of the fair value gain or loss. Translation difference on non-monetary items, such as equities classified as available-for-sale financial assets, are included in the fair value reserve in equity.

(iii) Group companies

The results and financial position of all the group entities (none of which has the currency of a hyperinflationary economy) that have a functional currency different from the presentation currency are translated into the presentation currency as follows:

- (1) assets and liabilities for each balance sheet presented are translated at the closing rate at the date of that balance sheet;
- (2) income and expenses for each income statement are translated at average exchange rates (unless this average is not a reasonable approximation of the cumulative effect of the rates prevailing on the transaction dates, in which case income and expenses are translated at the dates of the transactions); and
- (3) all resulting exchange differences are recognised as a separate component of equity.

On consolidation, exchange differences arising from the translation of the net investment in foreign entities, and of borrowings and other currency instruments designated as hedges of such investments, are taken to shareholders' equity. When a foreign operation is sold, such exchange differences are recognised in the income statement as part of the gain or loss on sale.

Notes to Financial Statements

For the year ended 30 June 2006

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

(r) Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

The tax currently payable is based on taxable profit for the year. Taxable profit differs from net profit as reported in the income statement because it excludes items of income or expense that are taxable or deductible in other years, and it further excludes income statement items that are never taxable or deductible.

Deferred tax is the tax expected to be payable or recoverable on differences between the carrying amount of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit, and is accounted for using the liability method. Deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which deductible temporary difference can be utilised. Such assets and liabilities are not recognised if the temporary difference arises from goodwill (or negative goodwill) or from the initial recognition (other than a business combination) of other assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

Deferred tax liabilities are recognised for taxable temporary differences arising on investment in subsidiaries and associates, except where the Group is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future.

The carrying amount of deferred tax assets is reviewed at each balance sheet date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax is calculated at the tax rates that are expected to apply to the period when the liability is settled or the asset realised. Deferred tax is charged or credited to the income statement, except when it relates to items charged or credited directly to equity, in which case the deferred tax is also dealt with in equity.

(s) Related party transactions

Parties are considered to be related if one party has the ability, directly or indirectly, to control the other party or exercise significant influence over the other party in making financial and operating decisions. Parties are also considered to be related if they are subject to common control or common significant influence. Related parties may be individuals (being member of key management personnel, significant shareholders and/or their close family members) or other entities and include entities which are under the significant influence of related parties of the Group where those parties are individuals, and post-employment benefit plans which are for the benefit of employees of the Group or of any entity that is a related party of the Group.

A transaction is considered to be a related party transaction when there is a transfer of resources or obligations between related parties.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

(t) Cash and cash equivalents

Cash equivalents include cash at bank, short-term highly liquid investments which are readily convertible into known amounts of cash and which are subject to an insignificant risk of changes in value, and have a short maturity of generally within three months when acquired, less bank overdrafts which are repayable on demand and form an integral part of the Group's cash management.

(u) Provisions

Provisions are recognised when the Group has a present legal or constructive obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation, and a reliable estimate of the amount of the obligation can be made. Provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimate. Where the effect of the time value of money is material, the amount of a provision is the present value of the expenditures expected to be required to settle the obligations.

(v) Contingent liabilities and contingent assets

A contingent liability is a possible obligation that arises from past events and whose existence will only be confirmed by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group. It can also be a present obligation arising from past events that is not recognised because it is not probable that outflow of economic resources will be required or the amount of obligation cannot be measured reliably. A contingent liability is not recognised but is disclosed in the notes to the financial statements. When a change in the probability of an outflow occurs so that outflow is probable, they will then be recognised as a provision.

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain events not wholly within the control of the Group. Contingent assets are not recognised but are disclosed in the notes to the financial statements when an inflow of economic benefits is probable. When inflow is virtually certain, an asset is recognised.

Notes to Financial Statements

For the year ended 30 June 2006

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

(w) Retirement benefits scheme

- (i) Salaries, annual bonuses, paid annual leave, leave passage and the cost to the Group of non-monetary benefits are accrued in the year in which the associated services are rendered by employees of the Group. Where payment or settlement is deferred and the effect would be material, these amounts are stated at their present values.
- (ii) Contributions to Mandatory Provident Funds as required under the Hong Kong Mandatory Provident Fund Schemes Ordinance and to the state-managed retirement benefits schemes for the employees of the Group's entities in the People's Republic of China (the "PRC") are recognised as an expense in the consolidated income statement as incurred.
- (iii) The Group operates a share option scheme for the purpose of providing incentives and rewards to eligible participants who contribute to the success of the Group's operations. The financial impact of share options granted under the share option scheme is not recorded in the Group's balance sheet until such time as the options are exercised, and no charge is recorded in the consolidated income statement or consolidated balance sheet for their cost. Upon the exercise of share options, the resulting shares issued are recorded by the Company as additional share capital at the nominal value of the shares, and the excess of the exercise price per share over the nominal value of the shares is recorded by the Company in the share premium account. Options which are cancelled prior to their exercise date, or which lapse, are deleted from the register of outstanding options.

(x) Borrowing costs

Borrowing costs are interests and other costs incurred in connection with the borrowing of funds. All borrowing costs are charged to the income statement in the period in which they are incurred.

(y) Segment reporting

A business segment is a group of assets and operations engaged in providing products or services that are subject to risks and returns that are different from those of other business segments. A geographical segment is engaged in providing products or services within a particular economic environment that are subject to risks and returns that are different from those of segments operating in other economic environments.

3. CHANGES IN ACCOUNTING POLICIES

(i) Adoption of new and revised HKFRSs

In the year ended 30 June 2006, the Group adopted the following new and revised HKFRSs which are relevant to its operations. The 2005 comparatives have been amended as required, in accordance with the relevant requirements.

HKAS 1	Presentation of Financial Statements
HKAS 7	Cash Flow Statements
HKAS 8	Accounting Policies, Changes in Accounting Estimates and Errors
HKAS 10	Events after the Balance Sheet Date
HKAS 11	Construction Contracts

3. CHANGES IN ACCOUNTING POLICIES (Continued)

(i) Adoption of new and revised HKFRSs (Continued)

The adoption of the above HKFRSs has no material impact on the accounting policies and the results and financial position of the Group, except for the following:

(a) HKAS 1 – Presentation of Financial Statements

HKAS 1 has affected the presentation of minority interest, share of net after-tax results of associates and other disclosures. In prior years, minority interests at the balance sheet date were presented in the consolidated balance sheet separately from liabilities and as deduction from net assets. Minority interests in the results of the Group for the year are also separately presented in the consolidated income statement as a deduction before arriving at the profit attributable to the equity holders of the Company. With effect from 1 July 2005, minority interests are now shown within total equity in the consolidated balance sheet. Minority interests are presented as an allocation of the total profit or loss for the year in the consolidated income statement. These changes in presentation have been applied retrospectively with comparatives restated.

(b) HKAS 17 – Leases

In prior years, leasehold land and buildings held for own-use were classified under property, plant and equipment at cost less accumulated depreciation and impairment losses. The adoption of revised HKAS 17 has resulted in a change in the accounting policy relating to the reclassification of leasehold land from property, plant and equipment to operating leases. The up-front prepayments made for the leasehold land are expensed in the income statement on a straight-line basis over the period of the lease or when there is impairment, the impairment is expensed in the income statement. A lease of land and building is split into a lease of land and a lease of building in proportion to the relative fair values of the leasehold interests in land element and the building element of the lease at the inception of the lease. The lease of land is stated at cost and amortised over the period of the lease whereas the building is stated at cost less accumulated depreciation and impairment losses.

The changes in accounting policy have been adopted retrospectively. The adjustments are set out in Note 3(ii) to the financial statements.

(c) HKAS 24 – Related Party Disclosures

HKAS 24 has affected the identification of related parties and some other related-party disclosures.

(d) HKASs 32 and 39 – Financial Instruments

Financial assets

In prior periods, the Group classified its equity investment as investment in securities and other investments. Investments in securities are listed equity securities intended to be held on a short-term basis and are stated at amortised cost less any impairment losses. These investments are stated at their fair values at the balance sheet date on an individual investment basis. The gains or losses arising from changes in the fair value of other investment are credited or charged to the consolidated income statement in the period in which they arise.

Upon the adoption of HKAS 39, the Group classifies its financial assets as financial assets at fair value through profit or loss. Financial assets at fair value through profit or loss are those investments acquired principally for the purpose of trading. Any gain or loss arising from change in fair value of the financial assets is recognised in the income statement.

3. CHANGES IN ACCOUNTING POLICIES (Continued)

(i) Adoption of new and revised HKFRSs (Continued)

(d) HKASs 32 and 39 – Financial Instruments (Continued)

Financial liabilities

Under HKAS 32, convertible notes issued are split into their liability and equity components at initial recognition by recognising the liability component at its fair value which is determined using a market interest rate for equivalent non-convertible notes and attributing to the equity component the difference between the proceeds from issue and the fair value of the liability component. The liability component is subsequently carried at amortised cost. The equity component is recognised in the convertible notes reserve until the notes are either converted (in which case it is transferred to share premium) or the notes are redeemed (in which case it is released directly to retained earnings). The issuance costs incurred for the arrangement of convertible notes were charged to the income statement in the year of issue.

(e) HKAS 36 – Impairment of Assets and HKFRS 3 – Business Combinations

The adoption of HKAS 36 and HKFRS 3 results in a change in accounting policy for goodwill. In prior years, positive or negative goodwill which arose prior to 1 January 2001 was taken directly to reserve at the time it arose, and was not recognised in the income statement until disposal or impairment of the acquired business. Positive goodwill which arose on or after 1 January 2001 was amortised on a straight line basis over its useful life and was subject to impairment testing when there were indications of impairment.

Until 30 June 2005, the Group's goodwill was amortised on a straight line basis over a period of 10 years and assessed for an indication of possible impairment at each balance sheet date.

In accordance with the provisions of HKFRS 3, the Group ceased amortisation of goodwill from 1 July 2005. Accumulated amortisation as at 30 June 2005 has been eliminated with a corresponding decrease in the cost of goodwill. From the year ended 30 June 2006 onwards, goodwill is tested annually for impairment, as well as when there is indication of goodwill. The effect of the above changes are summarised in Note 3(ii) below. In accordance with the transitional provisions of HKFRS 3, comparative figures have not been restated.

(f) HKAS 40 – Investment Property

The adoption of HKAS 40 has resulted in change in accounting policy for the Group's investment properties. In prior years, increase in the valuation of investment property were credited to the investment property revaluation reserve while decrease in the valuation of investment property were firstly set off against the surplus of the investment property revaluation reserve and thereafter charged to the income statement. Following the adoption of HKAS 40, all changes in valuation of the investment property are to be recognised in the income statement.

(iii) HKFRSs that are not yet effective for the year ended 30 June 2006

No early adoption of the following HKFRSs that have been issued but are not yet effective. Unless otherwise stated, these HKFRSs are effective for annual periods beginning on or after 1 January 2006:

HKAS 1 (Amendment)	Capital Disclosures
HKAS 39 (Amendment)	Cash Flow Hedge Accounting of Forecast Intragroup Transactions
HKAS 39 (Amendment)	The Fair Value Option
HKAS 39 & HKFRS 4 (Amendments)	Financial Guarantee Contracts

3. CHANGES IN ACCOUNTING POLICIES (Continued)

(iii) HKFRSs that are not yet effective for the year ended 30 June 2006 (Continued)

HK (IFRIC) – Int 8 (effective for accounting period commencing on or after 1 May 2006)	Scope of HKFRS 2
HK (IFRIC) – Int 9 (effective for accounting period commencing on or after 1 June 2006)	Reassessment of Embedded Derivatives

The HKAS 1 Amendment shall be applied for annual periods beginning on or after 1 January 2007. The revised standard will affect the disclosure about qualitative information about the Group's objective, policies and processes for managing capital; quantitative data about what company regards as capital; and compliance with any capital requirements and the consequences of any non-compliance.

HKAS 39 (Amendment), The Fair Value Option. This amendment changes the definition of financial instruments classified at fair value through profit or loss and restricts the ability to designate financial instruments as part of this category. The Group believes that this amendment should not have a significant impact on the classification of financial instruments, as the Group should be able to comply with the amended criteria for the designation of financial instruments at fair value through profit or loss. The Group will comply this amendment from accounting periods beginning on 1 July 2006.

HKAS 39 and HKFRS 4 (Amendments), Financial Guarantee Contracts. This amendment requires issued financial guarantees, other than those previously asserted by the entity to be insurance contracts, to be initially recognised at their fair value, and subsequently measured at the higher of (a) the unamortised balance of the related fees received and deferred, and (b) the expenditure required to settle the commitment at the balance sheet date. The Company regards its financial guarantees provided to its subsidiaries as insurance contracts.

HKFRS 7 will replace HKAS 32 and has modified the disclosure requirements of HKAS 32 relating to financial instruments. This HKFRS shall be applied for annual period beginning on or after 1 January 2007.

Except as stated above, the Group expects that the adoption of the other pronouncements listed above will not have any significant impact on the Group's financial statements in the period of initial application.

4. FINANCIAL RISK MANAGEMENT

Financial risk factors

The Group's activities expose it to a variety of financial risks: market risk (including currency risk, fair value interest rate risk and price risk), credit risk, liquidity risk and cash flow interest rate risk. The Group's overall risk management programme focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the Group's financial performance.

(a) Market risk

Foreign exchange risk

The Group operates mainly in Hong Kong, primarily with respect to the Hong Kong dollars. The Group currently does not have a foreign currency hedging policy. However, the management monitors foreign exchange exposure and will consider hedging significant foreign currency exposure should the need arise.

Price risk

The Group is exposed to equity securities price risk because investments held by the Group are classified on the consolidated balance sheet as financial assets at fair value through profit or loss. The Group is not exposed to commodity price risk.

(b) Credit risk

The credit risk of the Group's other financial assets, which mainly comprise cash and cash equivalents and trade receivables, the Group's exposure to credit risk arises from default of the other party, with a maximum exposure equal to the carrying amount of these instruments. There are no significant concentrations of credit risk within the Group in relation to the other financial assets.

(c) Liquidity risk

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities. The Group's exposure to liquidity risk is minimal.

(d) Cash flow and fair value interest rate risk

Borrowings at variable interest rates expose the Group to cash flow interest rate risk and those at fixed rate expose the Group to fair value interest rate risk.

The Group monitors the interest rate risk exposure on a continuous basis and adjusts the portfolio of borrowings where necessary.

4. FINANCIAL RISK MANAGEMENT (Continued)

Fair value estimation

The fair value of financial assets at fair value through profit or loss traded in active markets is based on quoted market prices at the balance sheet date. The quoted market price used for financial assets held by the Group is the current bid price.

The nominal values less any estimated credit adjustments for financial assets and liabilities with a maturity of less than one year, including trade and other receivables, amount due from a related company, trade and other payables, amount due to a minority shareholder and current borrowings are assumed to approximate their fair values.

5. CRITICAL ACCOUNTING ESTIMATES AND JUDGMENTS

Estimates and judgments are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

Critical accounting estimates and assumptions

The Group makes estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, seldom equal the related actual results. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below.

(i) *Estimate impairment of goodwill*

The Group performs annual test on whether there has been impairment of intangible assets in accordance with the accounting policy stated in note 2(c). The recoverable amounts of cash-generating units are determined based on value-in-use calculations. These calculations require the use of estimates and assumptions made by management on the future operation of the business, pre-tax discount rates, and other assumptions underlying the value-in-use calculations.

(ii) *Impairment of assets*

The Group tests annually whether the assets have suffered any impairment. The recoverable amount of an asset or a cash generating unit is determined based on value-in-use calculations which require the use of assumptions and estimates.

5. CRITICAL ACCOUNTING ESTIMATES AND JUDGMENTS (Continued)

Critical accounting estimates and assumptions (Continued)

(iii) Measurement of convertible notes

On issuance of convertible notes, the fair value of the liability component is determined using a market rate for an equivalent non-convertible note; and this amount is carried as current liability on the amortised cost basis until extinguished on conversion or redemption. The remainder of the proceeds is allocated to the conversion option that is recognised and included in the convertible notes reserve, net of transaction costs. The splitting of the liability and equity components requires an estimation of the market interest rate.

(iv) Estimate of fair value of investment properties

The best evidence of fair value is current prices in an active market for similar lease and other contracts. In the absence of such information, the Group determines the amount within a range of reasonable fair value estimates. In making its judgment, the Group considers information from a variety of sources including:

- (a) current prices in an active market for properties of different nature, condition or location (or subject to different lease or other contracts), adjusted to reflect those differences;
- (b) recent prices of similar properties in less active markets, with adjustments to reflect any changes in economic conditions since the date of the transactions that occurred at those prices; and
- (c) discounted cash flow projections based on reliable estimates of future cash flows, derived from the terms of any existing lease and other contracts, and (where possible) from external evidence such as current market rents for similar properties in the same location and condition, and using discount rates that reflect current market assessments of the uncertainty in the amount and timing of the cash flows.

If information on current or recent prices of investment properties is not available, the fair values of investment properties are determined using discounted cash flow valuation techniques. The Group uses assumptions that are mainly based on market conditions existing at each balance date.

The principal assumptions underlying management's estimation of fair value are those related to: the receipt of contractual rentals; expected future market rentals; void periods; maintenance requirements; and appropriate discount rates. These valuations are regularly compared to actual market yield data, and actual transactions by the Group and those reported by the market.

The expected future market rentals are determined on the basis of current market rentals for similar properties in the same location and condition.

The Group assesses the fair value of its investment properties based on valuation determined by qualified independent professional valuers in Hong Kong and the PRC.

5. CRITICAL ACCOUNTING ESTIMATES AND JUDGMENTS (Continued)

Critical accounting estimates and assumptions (Continued)

(v) Estimated useful lives of property, plant and equipment

In accordance with HKAS 16, the Group estimates the useful lives of property, plant and equipment to determine the amount of depreciation expenses to be recorded. The useful lives are estimated at the time the asset is acquired based on historical experience, the expected usage, wear and tear of the assets, and technical obsolescence arising from changes in the market demands or service output of the assets. The Group also performs annual reviews on whether the assumptions made on useful lives continue to be valid.

(vi) Net realisable value of inventories

Net realisable value of inventories is the estimated selling price in the ordinary course of business, less estimated costs of completion and selling expenses. These estimates are based on the current market condition and the historical experience and selling goods of similar nature. It could change significantly as a result of change in market condition. Management will reassess the estimations at the balance sheet date.

6. SEGMENT INFORMATION

Segment information is presented by way of two segment formats: (i) on a primary segment reporting basis, by business segment; and (ii) on a secondary segment reporting basis, by geographical segment.

The Group's operating businesses are structured and managed separately, according to the nature of their operations and the products and services they provide. Each of the Group's business segments represents a strategic business unit that offers products and services which are subject to risks and returns that are different from those of other business segments. Summary details of the business segments are as follows:

- (a) the electrical equipment segment consisted of the manufacture and sale of electrical equipment;
- (b) the listed securities segment consisted of the purchase and sale of listed securities;
- (c) the electrical engineering and contracting services segment consisted of the provision of electrical engineering and contracting services;
- (d) the entertainment segment consisted of the production and distribution of musical and entertainment products and the celebrities management; and
- (e) the cruise segment consisted of the leasing and management of the cruise.

In determining the Group's geographical segments, revenues and results are attributed to the segments based on the location of the customers, and assets are attributed to the segments based on the location of the assets.

14. EARNINGS/(LOSS) PER SHARE ATTRIBUTABLE TO EQUITY HOLDERS OF THE COMPANY

The calculation of the basic profit per ordinary share is based on the net profit for the year of HK\$7,147,000 (2005: loss of HK\$11,353,000) and the weighted average of 12,397,630,000 (2005: 10,051,671,000) ordinary shares in issue during the year.

No diluted profit per ordinary share has been presented for the year ended 30 June 2006 as there were no dilutive potential ordinary shares in existence during the year ended 30 June 2006. No diluted loss per ordinary share has been presented for the year ended 30 June 2005 as the effect of the assumed conversion of the Company's outstanding convertible notes would result in a decrease in net loss per ordinary share for the year ended 30 June 2005.

Impairment test for goodwill

Goodwill is allocated to the Group's cash-generating unit (CGUs) identified according to the location of operation and business segment as follows:

	2006	2005
	<i>HK\$'000</i>	<i>HK\$'000</i>
Cruise leasing	45	45

During the year ended 30 June 2006, management of the Company determines that there is no impairment of goodwill. The recoverable amount of the CGU is determined on a value in use calculation. That calculation used cash flow projections based on the financial budgets approved by management covering a 5-year period. Cash flows beyond five year period extrapolated using the estimated rates stated below. The growth rate does not exceed the long-term average growth rate for the business in which the CGU operates.

Impairment test for goodwill (Continued)

Key assumptions used for value-in-use calculations:

Gross margin	44%
Growth rate	3%
Discount rate	5%

Management determined the budget gross margin based on past performance and its expectations for the market development. The weighted average growth rate used are based on the management's expectation on the market development. The discount rates used are pre-tax and reflect specific risks relating to the relevant segments.

None of the subsidiaries had any loan capital outstanding at the end of the year, or at any time during the year.

The above table lists the subsidiaries of the Company which, in the opinion of the directors, principally affected the results for the year or formed a substantial portion of the net assets of the Group. To give details of other subsidiaries would, in the opinion of the directors, result in particulars of excessive length.

Notes to Financial Statements

For the year ended 30 June 2006

21. SUBSIDIARY NOT CONSOLIDATED

In February 2001, Goalstar Holdings Limited ("Goalstar"), a wholly-owned subsidiary of the Company, purportedly entered into an agreement whereby Goalstar would purchase 60% of the issued shares and the shareholders' loan of M-Star Limited ("M-Star"). Having obtained legal advice, Goalstar duly rescinded the purported agreement. The Group's investment in M-Star had not been incorporated into these financial statements and as prudence, a full impairment of HK\$16,043,000 for the investment in M-Star had been made in the year ended 30 June 2002. Official receiver had been appointed for the liquidation of M-Star during the year ended 30 June 2003.

M-Star was dissolved by compulsory winding up on 23 November 2005. No gain or loss on dissolution on the subsidiary was recognised in the income statement during the year. The dissolved subsidiary had not been incorporated into these financial statements.

Pursuant to the convertible notes subscription agreement dated 12 September 2005, the Company issued convertible notes in the principal of HK\$40,000,000 (the “Notes”) to two independent third parties (the “Noteholders”). The Notes bear interest at the rate of 5% per annum on the outstanding principal amount of the Notes. The Company shall repay such principal moneys outstanding under the Notes to the Noteholders together with all interest accrued thereon up to and including the date of repayment falling 12 months from the date of issue of the Notes. The Noteholders may at any business day after the date of issue of the Notes up to and including the date prior to the anniversary to the date of issue of the Notes convert the whole or any part in an amount of integral multiple of HK\$1,000,000 of the principal amount of the Notes into shares of HK\$0.02 each in the share capital of the Company, at the conversion price of HK\$0.02 per share.

The fair value of the liability component, included in current liabilities, was calculated using a market interest rate for an equivalent non-convertible bond. The remaining balance represented the equity conversion component, is included in shareholders’ equity named as convertible notes reserve.

Notes to Financial Statements

For the year ended 30 June 2006

29. CONVERTIBLE NOTES (Continued)

The fair value of the liability component of the Notes as at 30 June 2006, amounted to approximately HK\$39,765,000. The fair value is calculated using cash flows discounted at a rate based on the borrowing rate per annum of the Group.

	Carrying amounts		Fair values	
	2006	2005	2006	2005
	HK\$'000	HK\$'000	HK\$'000	HK\$'000
Convertible notes	39,765	–	39,765	–
	39,765	–	39,765	–

The fair value of the liability component of the convertible notes at 30 June 2006 amounted to HK\$39,765,000. The fair value is calculated using cash flows discounted using a rate based on the borrowings rate of 5.85% (2005: Nil).

Interest expenses on the convertible notes is calculated using the effective interest method by applying the effective interest rate of 5.85% (2005: Nil) to the liability component.

Share options

Under the terms of the Share Option Scheme adopted by the Company on 30 November 2000 (the "Scheme"), the board of directors may, at its discretion, invite employees, including the directors of the Company and its subsidiaries, to take up options to subscribe for shares in the share capital of the Company. The subscription price for the Company's shares under the Scheme is determined by the board of directors and will not be less than 80% of the average of the closing prices of the Company's shares listed on the Stock Exchange on the five trading days immediately preceding the date of offer of the option or the nominal value of the Company's shares, whichever is the higher. The maximum number of shares in respect of which options may be granted may not exceed 10% of the issued share capital of the Company (excluding shares issued under the Scheme) from time to time and that the maximum number of shares in respect of which options may be granted to any one employee shall not exceed 25% of the aggregate number of shares under the Scheme.

Notes to Financial Statements

For the year ended 30 June 2006

30. SHARE CAPITAL (Continued)

The Scheme was adopted prior to the new rules on share option schemes under the Listing Rules coming into operation. The Company may only grant further options under the Scheme if the options are granted in accordance with the requirements of the new rules of Chapter 17 of the Listing Rules which include, inter alia, the followings:

- (i) the total number of shares which may be issued upon exercise of all options to be granted under the Scheme and any other schemes must not in aggregate exceed 10% of the relevant class of shares of the Company (or its subsidiaries) in issue as at the date of approval of the Scheme. Subject to compliance with the Listing Rules, the limit on the number of shares which may be issued upon exercise of all outstanding options granted and yet to be exercised under the Scheme and any other schemes must not exceed 30% of the relevant class of shares of the Company in issue from time to time;
- (ii) the maximum number of shares issuable under share options to each eligible participant within any 12-month period is limited to 1% of the shares of the Company in issue at any time. Any further grant of share options in excess of this limit is subject to shareholders' approval in a general meeting. Grant of options to connected persons are subject to more stringent requirements; and
- (iii) the exercise price of the share options is determined by directors, but may not be less than the higher of (a) the Stock Exchange closing price of the Company's share on the date of offer of the grant of the share options; and (b) the average of the Stock Exchange closing price of the Company's shares of the five trading days immediately preceding the date of the offer of the grant of the share options.

During the year, no share options have been granted nor exercised. At 30 June 2006, the Company had no outstanding options granted to eligible employees to subscribe for shares of the Company.

36. RETIREMENT BENEFITS SCHEME

The Group operates defined contribution Mandatory Provident Fund retirement benefits schemes (the "MPF Schemes") under the Mandatory Provident Fund Schemes Ordinance for those employees who are eligible to participate in the MPF Schemes. Contributions are made based on a percentage of the employees' basic salaries and are charged to the consolidated income statement as they become payable in accordance with the rules of the MPF Schemes. The assets of the MPF Schemes are held separately from those of the Group in independently administered funds. The Group's employer contributions vest fully with the employees when contributed into the MPF schemes, except for the Group's employer voluntary contributions, which are refunded to the Group when the employee leaves employment prior to the contributions vesting fully, in accordance with the rules of the MPF Schemes.

At the balance sheet date, the total amount of forfeited contributions, which arose upon employees leaving the defined contribution retirement benefits scheme and which are available to reduce the contributions payable in the future years was HK\$1,190 (2005: HK\$14,000).

The employees of the Company's subsidiary in the People's Republic of China (the "PRC") are members of the state-sponsored retirement benefit scheme organised by the relevant local government authority in the PRC. The subsidiary is required to contribute, based on a certain percentage of the basic salary of its employees, to the retirement benefit scheme and has no further obligations for the actual payment of pensions or post-retirement benefits beyond the annual contributions. The state-sponsored retirement benefit scheme represent for the entire pension obligations payable to retired employees.
